

General Description

ArmaKleen Universal Paint Gun Cleaner is a ready-to-use paint gun cleaner formulated to effectively clean uncured water borne and solvent based paints in automotive paint shops and industrial paint finishing shops.

Universal paint gun cleaner works at ambient temperatures, it does not have to be heated to work. It can be used in customer owned spray equipment cleaners as long as they are set up to handle water based cleaners.

Universal Paint Gun Cleaner is VOC compliant and meets Air quality standards
